

Fire and Blast Information Group

61st Technical Meeting on Ignition

Half day event

28th of April 2010

Fraser Noble Building, University of Aberdeen, AB24 3UE, Aberdeen

29th of April 2010

Broadway House, Tothill Street, SW1H 9NQ, London

and

ALSO AVAILABLE VIA LIVE WEBCAST

(Registering for the webcast enables live viewing of the meeting and subsequent access to a video recording of the event)

Programme:

TITLE	
<i>Registration and lunch</i>	12:40 – 13:40
Ten Things you should know about Electrostatic Ignition Hazards <i>Richard Ball - Chilworth Technology</i>	13:40 – 14:15
Critical Conditions for Auto-ignition in Large Vessels <i>Timothy Snee - Health & Safety Laboratory</i>	14:15 – 14:55
Mechanical Equipment Ignition Risk Assessments - The Basics <i>Richard Ball - Chilworth Technology</i>	14:55 – 15:30
<i>Break</i>	15:30 – 15:50
Ignition Modelling in Risk Analysis <i>Jan K. Lund – Scandpower</i>	15:50 – 16:30
Problems in the Consistent Use of Ignition Models in QRA <i>Brian Bain and Philip Nalpanis - DNV</i>	16:30 – 17:10

We would like to remind you that members of most engineering institutions can count FABIG Technical Meetings as Continuing Professional Development (CPD). Attendance certificates are issued to delegates upon request.

Fee:

FABIG members: Free

Non members:

- £350.00 (excluding VAT) to attend the meeting at the Aberdeen or London venue
- £200.00 (excluding VAT) to attend the meeting online via the webcast

Registration:

Register on-line at www.fabig.com or
