

WHAT HAPPENS WHEN THE TWO GLOBAL LEADERS IN FIRE SUPPRESSION TECHNOLOGY UNITE?

# COMPLETE AND TOTAL CONTROL

INTRODUCING OUR PREMIER PRODUCT:

## ThunderStorm F-601B

The "NEXT EVOLUTION" in high-performance fire-fighting foam technology

EFFECTIVE ON BOTH HYDROCARBON AND POLAR SOLVENT FUELS

100% COMPATIBLE WITH CURRENT THUNDERSTORM™ RESERVES

Chemguard – the global leader in foam concentrate R&D and manufacturing – and Williams Fire & Hazard Control – the leader in flammable liquid fire suppression – collaborated to formulate ThunderStorm® F-601B AR-AFFF 1x3 foam concentrate. The first in a line of the "NEXT EVOLUTION" in foam concentrates, ThunderStorm® F-601B exceeds the highest performance standards in the industry and offers improved extinguishment and enhanced firefighter safety for both hydrocarbon and polar solvent fuels.
